

CAMBRIA LIVE SERIES

POWERFUL, SCALABLE TOOLS FOR BROADCASTERS AT EVERY LEVEL

The Cambria Live Series is a set of three software-based production tools that enable and enhance professional live streaming broadcast production. Together, the Cambria Live Series smoothly handles every demand of the professional streaming broadcaster's workflow.

CAMBRIA LIVE BROADCAST MANAGER

AUTOMATED, SCALABLE LIVE STREAMING SYSTEM

EASY INTEGRATION WITH CAMBRIA LIVE

Cambria Live controller allows an easy integration with existing playout and ad scheduling systems, mixing live and file based assets. Customizable controller communicates with these systems and controls Cambria Live's engine via API.
